

INTERNATIONAL
ELF SYMPOSIUM
— 2018 —

SPONSORSHIP PROSPECTUS
2.5.18 – 2.7.18 • North Pole

Dear Valued Partner,

Thank you for considering sponsoring the 2018 International Elf Symposium. It provides your organization with exposure where you need it the most – directly to the elves who use your products and services.

This year, we're bringing together the most influential elves from around the globe – not just the North Pole. From Santa's Workshop, to our top Scout Elves, to our data centers around the world, you'll have the opportunity to mix and mingle with elves from every part of our organization.

Don't sleep on this opportunity or you could end up on the naughty list!

Sincerely,
Papa Elf

WHY ATTEND?

With Christmas 2017 right around the corner, what better time to start thinking about Christmas 2018? The International Elf Symposium gathers the top toy selectors, cookie decorators and operations experts. With the 2017 holiday madness safely behind them, they'll be looking for opportunities to improve their processes for the next season to optimize merriment.

As a sponsor of the 2018 International Elf Symposium, you'll have the opportunity to present your products and solutions directly to top elves in our organization. Sponsorship packages include keynote and breakout speaking opportunities, access to networking events and invites to our exclusive parties – while the Big Guy's away, the elves will play!

This is an event you won't want to miss, so contact your elf representative today to find out more!

2017 SPONSORS

GINGERBREAD

PEPPERMINT
